

Planner

- Do you have experience working in a Planning role?
- Do you have a good understanding of ERP and MRP systems?
- Are you a team player with a proactive can do attitude?

Who are GDS Instruments?

GDS have been at the forefront of designing computer controlled systems to evaluate the mechanical properties of soil and rock for over 40 years and are highly regarded within the geotechnical and earthquake engineering design sector. We take pride in our company mission and vision statements which underpins our core staff values as we work together to be the best in our field.

Our Mission:
Dedicated to exceeding customer expectations by providing quality, service and on time delivery whilst listening to our customers needs.

Our Vision:
To be the world leader in advanced software controlled geotechnical laboratory systems.

Purpose of the role:

As the Planner you will be responsible for the scheduling and coordinating of products from sales Orders through manufacturing to completion, ensuring maximum performance and minimum delay.

You will take responsibility for all daily planning activities, feeding and receiving information into production, purchasing and sales to enable them to achieve their business KPI's.

Responsibilities will include; managing the planning and scheduling of works orders, managing the allocation of sales orders in order for MRP to run effectively, prepare MRP to ensure it runs efficiently and on time, deal with any identified issues promptly and liaise with key stakeholders.

Key requirements:

- Good understanding and experience of SAGE 200 ERP or similar
- Have a high level of initiative and ability to influence and engage with key stakeholders
- Excellent organisational skills with exceptional attention to detail
- Excellent time management skills with the ability to work under pressure
- Change agent who can challenge and drive process improvements
- 5 years' work experience in a Planning role

Employee Benefits:

GDS continuously strive to introduce new ways to ensure that our staff have a great work / life balance.
